

Getting a Better Picture of the Old Testament: Numbers 15 - 20

Prepared by Anthony S. Mertz

1. What is the memory tool for Numbers?
2. Numbers can be broken into what two parts?
3. Why were sins of defiance treated so harshly?
4. Israel did what to their clothing to remind them daily of where their hearts should be?
5. The rebellions in chapter sixteen show us that the people still didn't get what?
6. When Aaron's rod budded, what did the people finally realize?
7. What does the water for separation show us about God?
8. How many chapters record the events of the wilderness wanderings?
9. How many years are between the two times recorded that Moses gets water from a rock?
10. How old was Aaron when he died?
