Getting a Better Picture of the Old Testament: Numbers 32 - 36

Prepared by Anthony S. Mertz

1.   What is the memory tool for Numbers?

2.   Numbers can be broken into what two (or three) parts?

3.   What did Rueben and Gad request?

4.   How did Moses respond?

5.   Part of what tribe was also involved in this request?

6.   Why is the list of locations in chapter thirty-three perfectly located in Numbers?

7.   When Israel went into the promised land, God was using them as what?

8.   What promise did He make to them concerning this?

9.   How many cities did the Levites receive?

10.   How many were Cities of Refuge?

11.   Why does Numbers end with more information concerning the daughters of Zelophehad?

12.   What is Typology?

13.   Give the anti-type for each type listed:

Egypt -

Moses -

Red Sea -

Israel as a Nation -

Wilderness -

Canaan/The Promised Land -
